

REGROWTH
KURRI KURRI

We'd like to show you more details about our plans for the site, and get some feedback from you.

COMMUNITY DROP-IN SESSIONS

Last May, Hydro Aluminium announced that the Kurri Kurri aluminium smelter would not be re-opened. We want to do what we can to make sure that the future for the region is bright. To achieve this, we are preparing the site and the 2000 hectare buffer zone for its future uses.

We are making plans for the demolition and remediation of the site, the rezoning of parcels of land for business and industrial uses as well as for residential development, and the conservation of around 1300 hectares of land.

We want to understand what local community members think of these plans, and what issues you think we should consider.

For more information, or to speak with the project team and provide feedback you can:

Call the community information line

Email us on community.kurri@hydro.com

COMMUNITY DROP-IN SESSIONS

To speak to our project team and learn more about the proposed rezoning plan for the Hydro aluminium site, you are invited to attend a community drop-in session.

When: Thursday 28 May
between 4pm and 7pm

Where: Seniors Hall – Weston Civic Centre
69 Station St, Weston

When: Tuesday 2 June
between 4pm and 7pm

Where: Community Hall
209 Cessnock Rd, Gillieston Heights

When: Wednesday 10 June
between 4pm and 7pm

Where: Hunter Region Business
Enterprise Centre
Cnr Barton and Merthyr St, Kurri Kurri

The information sessions are informal events, without formal presentations or speeches, so feel free to visit at any time during the sessions to speak to our project team.

Visit the Hydro web site for more information www.hydro.com/kurri
