KURRI KURRI

TELL US YOUR IDEAS

Hydro is calling on ex-employees and their families, or other community members, to suggest a way to remember the region's aluminium smelting history.

We want the community to tell us what they think would be a fitting tribute to all the workers who have been involved with the smelter since production began in 1969.

Hydro is also seeking suggestions on the particular elements of the history that should be included, if a mural or a sculpture, or similar, was agreed upon.

Feedback is requested by the end of August 2015 to allow ideas to be considered and planning to commence.

PLEASE LET US KNOW:
